Message by Mayor and General Manager

Strategic planning is a critical role undertaken by Local Government, in conjunction with its communities, in order to ensure we have robust planning for our future and create an inclusive, sustainable community and Local Government Area (LGA). In accordance with the intention of the NSW Government Integrated Planning and Reporting (IP&R) Framework to integrate various Council plans with the community's strategic objectives and aspirations, Murrumbidgee Council, like many NSW Councils, is delivering a combined Delivery Program 2020-2024 and Operational Plan for the 2020-21 reporting year.

Through our recent consultation, we know that our community want to see some changes that would make our LGA even better. This Delivery Program and Operational Plan outlines the functions of each of Council's service areas, provides financial estimates for the four-year period, and includes a detailed budget for the operational activities to be undertaken. In addition to the Community Strategic Plan 2017-2027, the Delivery Program and Operational Plan is also informed by several Council and NSW State Government strategies and plans, and the ongoing community surveys will independently rate the importance and satisfaction of Council's service delivery and performance.

The Plan aims to reflect consultation and define community priorities and aspirations for the future, and set out how individuals, community groups, Council, other organizations and levels of Government will turn that vision into a reality. It is based on the social justice principles of equity, access, participation and rights. It aims to promote equal rights for all by achieving better accessibility and inclusion for all ages and levels of ability.

This strategic document includes:

1. Murrumbidgee Council's Delivery Program 2020-2024, outlining aspects of the Community Strategic Plan under the direct control and responsibility of Council;
2. An Operational Plan 2020-2021 outlining the yearly actions and activities Council will undertake in the financial year to work towards achieving the four-year Delivery Program.

The Plan will be reviewed every four years and, throughout the life of the Plan, we will be listening to our community to ensure that it continues to reflect their long-term aspirations.

Murrumbidgee Council's Strategic Vision

Murrumbidgee Council values creativity and innovation to reliably deliver quality service and facilities to its communities. It does this through traditional principles, forward thinking, providing strong, positive leadership to nurture who we are, where we live and what we have built.

Strategic Integrated Planning and Reporting (IP&R) Framework

Integrated Planning and Reporting is the framework for planning and reporting by Local Governments across New South Wales. The aim is to integrate the various plans of Council with the strategic objectives or aspirations of the community. The key element in the framework is the involvement of the whole of the community in the formulation of the Community Strategic Plan. To ensure Council achieve the community vision in the future, it is necessary it starts embedding various elements of the Community strategic vision into Councils daily planning and service delivery.

The 2012 Integrated Planning and Reporting (IPR) framework requires each local government area to have a community strategic plan under section 402 of the Local Government Act. Each council in NSW must also prepare:

1. A 10-year Community Strategic Plan
2. A 10-year Asset Management Policy, Strategy and Plan
3. A 10-year Long Term Financial Plan
4. A 4-year Workforce Plan
5. A 4-year Delivery Program
6. A 1-year Operational Plan
7. An Annual Report by 30 November each year for the previous financial year, which also shows how Council is progressing with its Delivery Program. .
Council is also required to prepare an End of Term Report that outlines how it has implemented the Community Strategic Plan during its term of office.
8. Regular reports will be prepared to measure performance against these. For example, the General Manager is required to report to Council every six months on the progress of the Delivery Program and Operational Plan

This integrated planning and reporting framework (IPR) is designed to deliver the following benefits:

1. Strengthen Council's strategic focus;
2. Align council services, programs and actions to its high level strategy;
3. Improved, integrated planning and reporting processes incorporating the 'Quadruple bottom line' of society/community, environment, economy and governance; and
4. Streamlining reporting processes and reducing duplication.

The principal, and aligned components of the integrated planning and reporting model are:

Community Strategic Plan – Sets out the Community's long term aspirations and is the key reference guiding Council decision making across the Murrumbidgee Council area for the next 10 years. The plan is prepared by Council, after extensive consultation with residents, land owners, visitors, Councillors, Council staff, businesses, community groups and youth. Through consultation, Council identified five strategic areas to be used as its principles in planning for the future. Sub strategies aligned to the Delivery program and Operating Plan cascade down from these five strategic principles. The Plan sets out the specific strategies, direction, targets and measures necessary for achieving the following outcomes:

- ❖ Community
- ❖ Environment
- ❖ Infrastructure
- ❖ Economy
- ❖ Leadership

The five strategic principles are balanced across social, environmental, economic and civic leadership areas in recognition of the need for Council to either deliver programs and services directly and/or work in partnership with other organizations, Council's stakeholders and community members to contribute to, and ensure the implementation of the Community Strategic Plan.

Delivery Program – in preparing its Delivery Program, Council considers all available resources and the capacity to deliver services and projects to the Community. It identifies and manages what and how it intends to deliver the community's long- term goals during its term in office (four years) and its priorities.

Operational Plan – The Operational Program is an (annual) sub plan of the Delivery Program detailing Council's budgeted activities for each year of the Delivery Program. The operational Plan supports the Delivery Programme by outlining projects, programs and services to be undertaken in the twelve-month period and includes a financial snapshot.

Resourcing Strategy – Consolidates Council's key planning strategies for utilizing Council's resources to meet the community's strategic objectives. The resourcing strategy includes a Long Term Financial Plan (LTFP) which outlines the future financials supporting Council's operations including key elements like rate movements, service levels, major infrastructure, asset replacement, borrowings and cash reserves; the Workforce Management Plan which ensures Council has the right skills to meet and continue to deliver sustainable service delivery into the future; and the Asset Management Plans which provide a clear direction and goal for managing Council's assets and physical infrastructure.

Reporting and Monitoring

Council is required to report periodically to the Murrumbidgee Council community on the progress of the activities undertaken by Council in achieving the strategic objectives of the Community Strategic Plan. Key accountability reporting points are:

1. Council's Annual Report is prepared after the end of the financial year and reports the results, progress and achievements for the year against the Operational Plan and Delivery Program. It also contains Council's audited financial statements.
2. Council's Disability Inclusion Action Plan is annually reviewed.
3. Every four years in alignment with Council's election cycle, the Community Strategic Plan must be reported upon by the outgoing Council and the incoming Council must undertake a review of the Plan. At this time, the Community Strategic Plan has to be rolled forward four years to maintain a minimum long term 10-year strategic focus.
4. Council produces a quarterly report outlining progress against the adopted Operational Plan and measuring the success of the implementation of the Delivery Program for the current year.

How to read the combined Delivery Program and Operational Plan:

This document has a number of sections, each providing varying levels of detail depending on the level of information required. The Delivery Program and Operational Plan have been combined so the strategies, actions and Key Performance Indicators (KPIs), are all located in the same section of the document. The actions are differentiated by their allocated time frames as well as the service area who will deliver the action and each action is aligned back to Council's annual budget.

Delivery Program Actions 2020 – 2024:

An overview of all the actions Council intends to deliver over its current four-year term (2020 – 2024). Actions are listed under the Outcomes and Strategic Goals set in the Community Strategic Plan 2017-2027 section of the document, so you can see how they contribute to the achievement of the community's aspirations identified for the next ten years. In this section you can:

1. see all the actions Council intends to deliver from the Community Strategic Plan for the period from 2020-2024;
2. find out which Council Service Areas will be responsible for delivering the actions; and
3. work out what specific actions will happen under the various CSP strategies and more detail on specific actions.

Operational Plan Actions 2020 – 2021 by Service Area:

Detailed information about the actions the Council will deliver in the 2020-21 financial year. This section is structured by the Council's Service Areas so you can see what each area does, which actions they are responsible for, and how they plan to deliver them. In this section you can:

1. learn what each Service Area of the Shire does;
2. review the feedback from the community relating to this service;
3. see the four-year actions this Service Area is responsible for, and specific actions it will take in the 2020-21 financial year; and
4. find out the budget allocated to each Service Area and how performance will be measured.

Financing the Delivery Programme 2020 – 2024:

The last sections in this document provides financial modelling for how the Council will fund the actions in the Delivery Plan 2020 – 2024 and maintain a strong, sustainable financial position. It includes detailed financial statements. In this section you can:

1. review the 2020-2021 budget;
2. find out more about how Council raises revenue to support the Delivery Plan; and
3. see the detailed rates and charges information for the 2020-2021 financial year.

Murrumbidgee Council Combined Operational Plan and Delivery Program:

The annual Operational Plan supports the four-year Delivery Program. The Operational Plan identifies the projects programs and activities that Murrumbidgee Council will undertake within the financial year to deliver the objectives identified with the Community Strategic Plan and the strategies within the Delivery Program. The Operational Plan allocates responsibilities for each action; identifies how the effectiveness of the action will be measured and notes the resources available to implement the action and is reviewed and revised annually as part of the four-year life-cycle of the Delivery Program.

The Operational Plan and Delivery Program can be accessed on the Murrumbidgee Council website: www.murrumbidgee.nsw.gov.au

Murrumbidgee Council Rates and Charges

The basic principle of Council rating is that it represents the process whereby Council recovers the cost of providing its services for land within the local government area. Rates and charges are Council's main source of income and are used to improve and maintain services and facilities for the community.

Rates are assessed on land parcels based on valuations provided by the NSW Valuer General. The latest valuation of the land in Murrumbidgee Council have a base date of 1 July 2019. These valuations have been used to calculate and levy the 2020-21 ordinary rate. Council must not make rates and charges for a year which produces notional general income that exceeds the notional general income for the previous year, above the percentage approved by the Independent Pricing and Regulatory Tribunal (IPART). This is known as rate pegging.

On 12 September 2019, IPART announced that the percentage increase to apply in the 2020-21 financial year would be 2.6%. The rate peg was determined by IPART using a local government cost index and a productivity factor.

The Local Government Cost Index increased by 2.6% in the year to June 2018. IPART have made a zero adjustment to the LGCI when calculating the rate peg for 2020-21, setting the productivity factor to 0.00%.

Under the Local Government Act 1993 (the Act) councils may apply to IPART for a special variation that allows them to increase their general income by more than the rate peg. These increases may be for either an increase in a single year (section 508(2)) or successive increases for up to seven years (section 508A).

The notional general income for the previous year, 2019-20 represents what income would have been raised in 2020-21 if the same rates and charges were levied now.

The notional general income for 2020-21 has been calculated as:

Murrumbidgee Council - North	Revenue \$
2019-20 Notional General Income	2,088,194
Plus 2.6% approved increase	54,091
Plus Net Catchup	203
2020-21 Notional General Income Yield	2,142,488

Murrumbidgee Council - South	Revenue \$
2019-20 Notional General Income	2,184,193
Plus Net Catchup	-1
Plus 2.6% approved increase	56,789
2020-21 Notional General Income Yield	2,240,981

Rating categories and sub-categories

The Local Government Act 1993 S493 and S514 require all land to be categorised as residential, farmland or mining. Where land does not correspond to these categories it is to be classified as business.

For 2020-21, Murrumbidgee Council (North) will levy rates in the following categories and sub-categories:

Category	Category	Category	Category
Residential	Rural Residential	Business	Farmland
			Sub-Category
			Low Intensity
			Medium Intensity
			High Intensity

For 2020-21, Murrumbidgee Council (South) will levy rates in the following categories and sub-categories:

Category	Category	Category	Category
Residential	Rural Residential	Business	Farmland
			Sub-Category
			Berriquin
			Berriquin Large
			Coleambally
			Corugan
			River & Groundwater

Town Improvement Rates

In accordance with section 495 of the Local Government Act 1993 Council may make a special rate towards meeting the costs of any works, services, facilities or activities provided or undertaken by Council within any part of the Council's area. The special rate must be levied on rateable properties that, in Council's opinion will benefit, contribute or have access to the proposed works, services, facilities or activities. Council has adopted a 2.6% increase to the Town Improvement rates for the 2020/21 financial year.

Council will levy the following Town Improvement Special Rates for the 2020/21 financial year:

Location	No. Assessments	Rate in \$	Minimum	Yield
Darlington Point	450	0.00255672	\$2.00	\$36,705
Coleambally	356	0.00240470	\$2.00	\$19,294

Land Categories

Categorisation of all rateable land in the Council area has been undertaken in accordance with the requirements of the Local Government Act 1993. Council has used the following categories of rateable land:

1. Farmland

Land used genuinely for primary production. The dominant use of the land must be for the business or industry of grazing, dairying, the growing of crops etc. The activities must have a significant and commercial purpose or character and be engaged in for the purposes of profit on continuous or repetitive basis.

By virtue of section 529(2)(a) of the Act, a sub-category may be determined according to the intensity of land use; economic factors affecting the land or irrigability of the land. Council has determined sub-categories of farmland according to the intensity of land use and/or irrigability.

2. Residential

The Local Government Act 1993 identifies this category as property used for residential accommodation, or in the case of vacant land, property zoned for residential use under an Environmental Planning instrument. Hotels, Motels, Guesthouses, Boarding Homes or Nursing Homes are specifically excluded from this category. This category also includes rural residential land – a lower ad valorem rate (rate in the \$) applies to rural residential land.

3. Business

The Local Government Act 1993 identifies properties in this category as land that cannot be categorised in any of the other rating categories.

Payment by Instalments

The Act provides for rates to be paid either in lump sum by 31 August or by four quarterly instalments, namely:

Instalment 1 Due 31 August

Instalment 2 Due 30 November

Instalment 3 Due 28 February

Instalment 4 Due 31 May

Charges on Overdue Rates

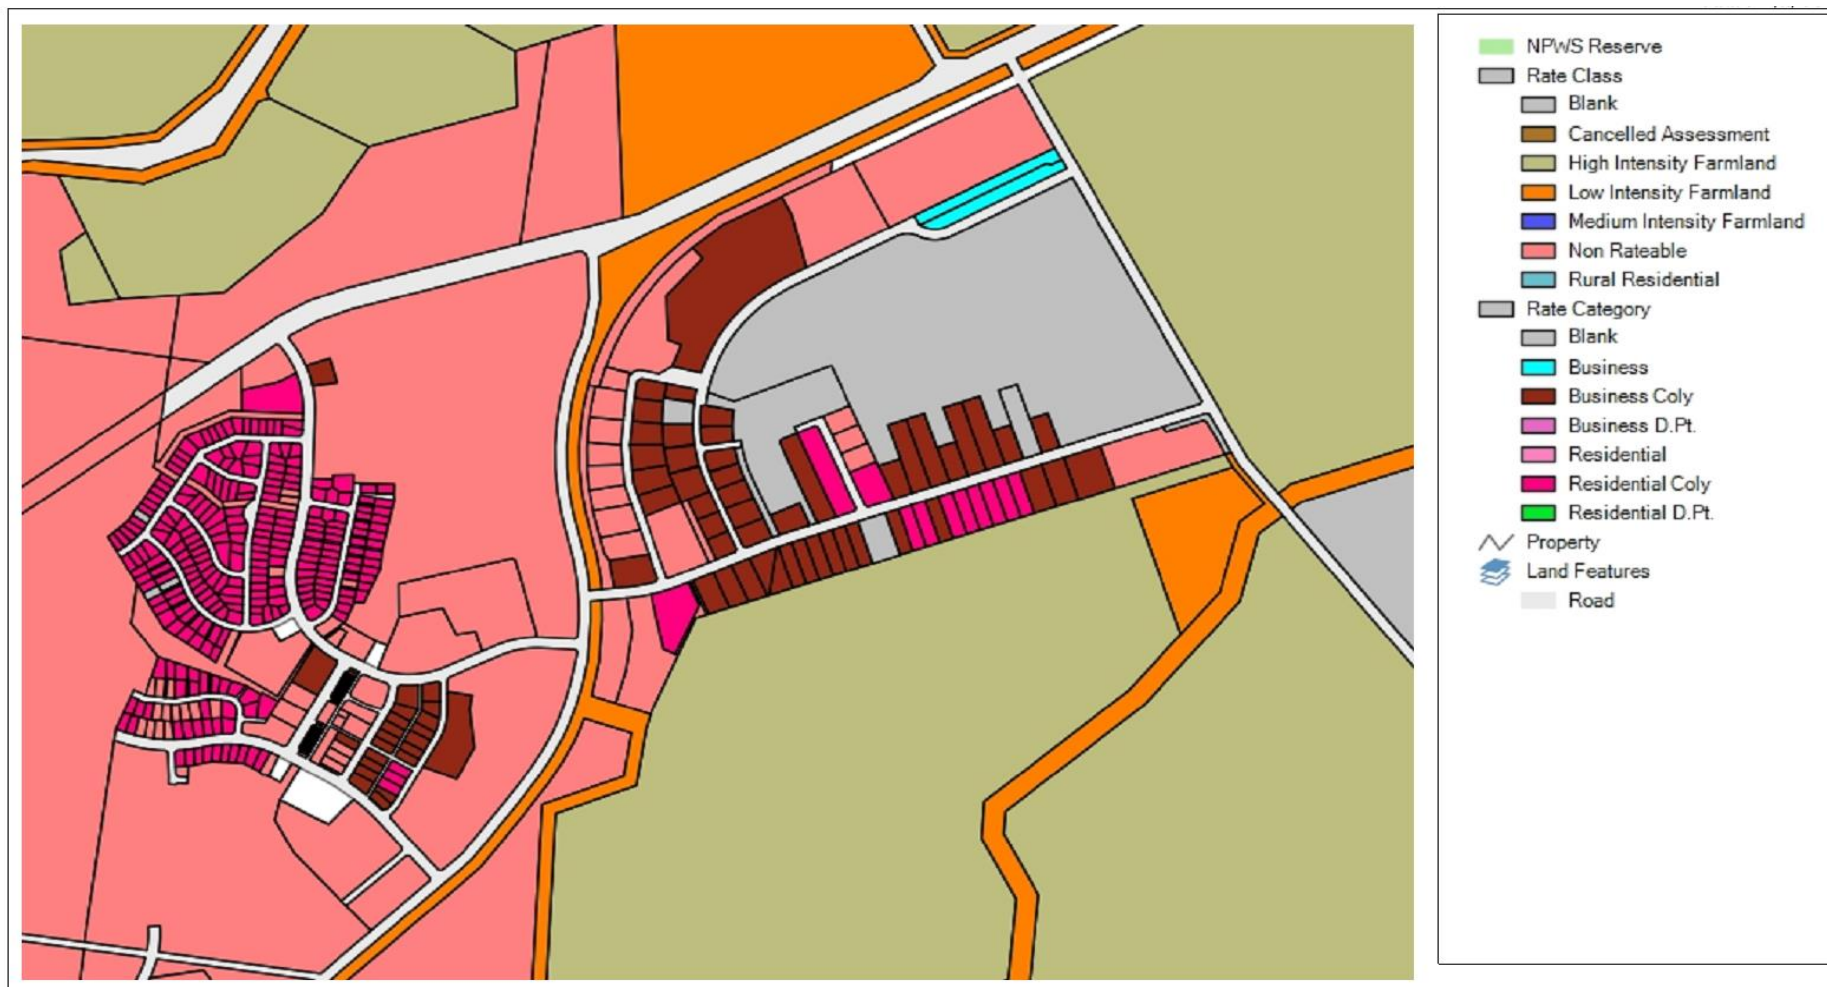

The interest rate on overdue Council rates and charges is set by Government statute and for 2020-21 the rate has been set at 7.0% (2019-20 7.5%).

Postponement of Rates

A ratepayer may apply (annually) for a postponement of rates where, in general terms, their property is being used as a single dwelling yet the land could be used for other more intensive purposes. The decision of postponement of rates is dependent upon the Valuer-General making an allowance under section 585 of the Act. The postponement of rates applies to the current owner and that concession is deemed to be lost when the property is either developed or sold. The purchaser may apply in his/her own right for postponement of future rates, but the accrued balance is due and payable within 30 days of the property being developed or sold.

Pensioner Rebates and Hardship

Eligible pensioners are entitled to a maximum rebate of \$465 per annum. This covers \$290 ordinary rates and domestic waste management charges, \$87.50 water charges and \$87.50 sewerage charges. The rebate is funded 55% by the State Government and 45% by Council for the first \$425.

Water Charges - potable

Water charges are levied under the provisions of the Local Government Act to collect revenue from the property owners who actually benefit from the availability or use of Council's water supply and comprise:

- ☐ Residential and Non Residential properties* that are connected to a Council Water Supply System and supplied with water from that system.
- ☐ Vacant land situated within 225 metres of a Council water main whether or not the property is connected to Council's water supply provided it is possible to supply water to the property if requested.

The water supply charge is set to cover asset replacement and recurrent costs. For 2020-21 Council will apply an increase of between 3% and 15% as per the table below in order to comply with Best Practice Management of Water Supply and Sewerage Guidelines.

Water access charges - potable or recycled networks – Murrumbidgee North

Meter Size	Access Charge 2019-20	Access Charge 21	2020- % Change	No of Assess - May 2019	Projected Income 2019-20
20mm/additional	\$232	\$244	5.0%	737	\$179,533
25mm	\$363	\$381	5.0%	22	\$8,382
32mm	\$428	\$492	15.0%	3	\$1,476
40mm	\$490	\$563	15.0%	3	\$1,689
50mm	\$544	\$626	15.0%	14	\$8,764
100mm	\$605	\$696	15.0%	3	\$2,088
				782	\$201,932

The water consumption charges are based on a two tiered system with the first tier covering basic household water consumption of 125kl per quarter.

To avoid any doubt, a water access charge is levied on all units or dual occupancy properties (whether strata subdivided or not) as provided under Best-Practice Management of Water Supply and Sewerage Guidelines. Where a property has more than one, separate occupancy (eg a granny flat) an additional 20mm access charge will be levied per occupancy.

Access charges are levied for each water supply system available to a property. Land which is exempt from the payment of ordinary rates (pursuant to Sections 555 or 556 Local Government Act 1993) is not exempt from these charges as the charge is limited to the cost of providing the service to the land (Section 503(2)).

Individual metering - units

Since 2007, under Best-Practice Management of Water Supply and Sewerage Guidelines, all new units are required to be metered and billed individually.

Sewerage Charges

Sewerage charges are structured in accordance with Section 409 of the Act and are levied under the provisions of the Local Government Act to collect revenue from property owners who actually benefit from the availability or use of a Council sewerage system and comprise:-

* Residential and non-residential properties that are connected to a Council sewer mains.

* Vacant land situated within 75 metres of a Council sewer main whether or not the property is connected, provided that, it is possible to connect the property to the sewer main if requested.

Best-practice sewerage pricing involves a uniform annual sewerage bill for residential customers. For non-residential customers an appropriate sewer usage charge is required for the estimated volume discharged to the sewerage system, together with an access charge based on the capacity requirements that their loads place on the system relative to residential customers.

Sewerage Access Charges – Murrumbidgee North

Sewerage access charges will increase between 3% - 15% for 2020-21 in accordance with the following table:

Location	Access Size	Access Charge 2019-20	Access Charge 2020-21	% Change	No of Assess - May 2020	Projected Income 2020-21

All units (whether strata title or not) are levied the sewerage access charge in accordance with the table above. Where a property has more than one separate occupancy (eg a granny flat), excluding non-rateable properties, an additional charge shall be levied per occupancy. This complies with the requirements under the Best-Practice Management of Water Supply and Sewerage Guidelines.

In accordance with Section 501(1) of the Local Government Act 1993 Council will levy the following annual charges for sewer services:

Water and Sewerage Dividend

Section 409 (6) of the Act enables Council to declare a dividend from the water and sewerage businesses. At this time no dividend is proposed for 2020-21 from either business.

Borrowing Policy

Council has planned for borrowings of \$1,500,000 for 2020 - 2021.

Sundry Debtors

The Act is silent in respect to charging interest on outstanding sundry debtor accounts.

Pricing Policy

Council's pricing policy with respect to the fees and charges it makes has to take into account the greatest good to the community as well as market pressures. The pricing philosophy is designed to meet the needs of the community in that, whilst it is generally one of market pricing, it is flexible enough to provide for community service obligations. The market pricing philosophy can sometimes be incorrectly perceived as just passing on excessive costs to ratepayers. The real effect of the philosophy is a strong discipline on Council to bring its costs and prices into line with market rates. The effect is to promote cost efficiencies throughout all of Council's operations for the benefit of the community. In this respect, Council has developed four pricing types to meet operational requirement as follows:

A. Subsidised or Community Services Obligation

To provide facilities, services or goods for members of the community who may not be able to afford full cost recovery, or the market rate for them. These may be covered by cross subsidisation (use of general revenue) or by specific purpose funding. This pricing policy is applied when either (a) it is known that the customers are unable to pay but should nonetheless have access to the services on social justice ground, or (b) it is impractical to start collecting more given the historical development of the facility, service or good.

B. Determined by Legislation

The price is set by legislation (usually State Government legislation) and Council does not have the opportunity to vary the cost. Not all costs have been advised for 2020-21. The fees and charges currently default to the 2019-20 charge and will be updated when Council is advised of any changes for 2020-21.

C. Market

To provide facilities, services or goods for customers at a price that enables Council to make a profit or to reduce losses of the services to keep them financially viable.

D. Cost Recovery

To provide facilities, services or goods for customers at the actual cost of providing them where the cost is less than market rates. This pricing policy is applied when it is known that customers are willing and able to meet cost recovery, but it is viewed as inappropriate for a public authority to seek to profit from it.

Schedule of Fees

Council's schedule of fees is detailed below in the Revenue Policy.
