### BIN TIPS

1. Where possible store your bins in the shade

2. Put your bins out the night before

3. Place your bins away from overhanging trees, parked cars and other obstructions so the truck has easy access. Each bin should be 1 metre apart.

Households receive a year's worth of caddy bags every June. If additional bags are required, they can be purchased from the nearest council office.

**Sort right. Every time!** If in doubt, throw it out in your red bin! Putting the wrong things in bins means more sorting and more expense for Council and ratepayers. Let's keep contamination to a minimum!

### BIN TIPS

4. Don't overfill your bins and make sure the lid can close. The lifting mechanism can't lift more than 80kg.

5. Freeze food scraps that might get smelly in a Council-supplied caddy bag until the night before collection

6. Put soiled nappies in nappy bags to reduce odour
