ITEMS FOR DECISION

ITEM NO. 1 – OATH OR AFFIRMATION FOR COUNCILLORS

FILE: 03.12

FROM: GENERAL MANAGER

Under the *Local Government Act, 1993*, Councillors (including Mayors) are now required to take an oath or affirmation of office. A Councillor must take an oath of office or make an affirmation of office at or before the first meeting of the Council after the Councillor is elected. The oath or affirmation may be taken or made before the General Manager of the Council, and Australian legal practitioner or a justice of the peace, and is to be in the following form:

Local Government Act 1993 No 30

Chapter 9 Part 2 Division 3 Section 233A

233A Oath and affirmation for Councillors

Oath

I [name of councillor] swear that I will undertake the duties of the office of councillor in the best interests of the people of [name of council area] and the [name of council] and that I will faithfully and impartially carry out the functions, powers, authorities and discretions vested in me under the Local Government Act 1993 or any other Act to the best of my ability and judgment.

Affirmation

I [name of councillor] solemnly and sincerely declare and affirm that I will undertake the duties of the office of councillor in the best interests of the people of [name of council area] and the [name of council] and that I will faithfully and impartially carry out the functions, powers, authorities and discretions vested in me under the Local Government Act 1993 or any other Act to the best of my ability and judgment.

A councillor who fails, without a reasonable excuse, to take the oath of office or make an affirmation of office in accordance with this section is not entitled to attend a meeting as a councillor (other than the first meeting of the council after the councillor is elected to the office or a meeting at which the councillor takes the oath or makes the affirmation) until the councillor has taken the oath or made the affirmation.

Any absence of a councillor from an ordinary meeting of the council that the councillor is not entitled to attend because of this section is taken to be an absence without prior leave of the council.

| General ManagerMayor |

Failure to take an oath of office or make an affirmation of office does not affect the validity of anything done by a councillor in the exercise of the councillor's functions.

The General Manager must ensure that a record is to be kept of the taking of an oath or the making of an affirmation (whether in the minutes of the council meeting or otherwise).

The Office of Local Government has introduced amendments to the Local Government Act 1993 through the Local Government Amendment (Governance and Planning) Act 2016 (the Phase 1 Amendments).

On 30 August 2016, the Mayoral term for Councillor-elected Mayors was increased to two years (from one year) (s230):

Local Government Act 1993 No 30

Chapter 9 Part 2 Division 2 Section 230

230 For what period is a mayor elected?

- (1) A mayor elected by the councillors holds the office of mayor for 2 years, subject to this Act.
- (2) A mayor elected by the electors holds the office of mayor for 4 years, subject to this Act.
- (3) The office of mayor:
 - (a) commences on the day the person elected to the office is declared to be so elected; and
 - (b) becomes vacant when the person's successor is declared to be elected to the office, or on the occurrence of a casual vacancy in the office.
- (4) A person elected to fill a casual vacancy in the office of mayor holds the office for the balance of the predecessor's term.

In addition, the Local Government Act 1993 No 30, states:

Chapter 9 Part 2 Division 2 Section 231

- (1) The councillors may elect a person from among their number to be the deputy mayor;
- (2) The person may be elected for the mayoral term or a shorter term;

| General ManagerMayor |

The Local Government (General) Regulation 2005 Schedule 7 Election of Mayor by Councillors (Clause 394) - provides that nominations for the Office of Mayor and Deputy Mayor are to be announced and the elections conducted at the same Council meeting as that at which the Council resolves on the method of voting.

A nomination is to be made in writing by two (2) or more Councillors, one (1) of whom may be the nominee. The nomination is not valid unless the nominee has indicated consent to the nomination in writing. Nominations are to be in the Returning Officer's (General Manager's) hands before the commencement of this item. The Returning Officer is to announce the names of the nominees at the Council meeting at which the election is to be held.

A memorandum has been circulated with the Business Paper prior to the Council meeting regarding the election of Mayor and Deputy Mayor, and including nomination forms.

It is proposed to conduct the ballot as the second item of business at this meeting.

Council must resolve the method of election which, in the past, has been by ordinary ballot. An ordinary ballot is a secret ballot. "Open Voting" means voting by a show of hands or similar means.

RECOMMENDATION

That:

- (a) the method of election for the Office of Mayor and Deputy Mayor be by way of ordinary ballot; and
- (b) The term for which the Deputy Mayor is elected be determined.

ITEM NO. 4 - COUNCIL MEETINGS 2017/18

FILE: 03.11

FROM: GENERAL MANAGER

Each year Council determines the schedule of meetings for the coming twelve months.

This year consideration will need to be given to the date, time and venue of the monthly Council meetings, and also if Council wishes to not schedule a January meeting.

The December meeting has, in the past, been rescheduled to allow Council attendance at the staff and Councillor Christmas discussion. Council may wish to consider a Friday date for the December meeting, and this will allow the Annual Councillor / Staff meeting to be scheduled for that afternoon.

I suggest this year that Council hold the December Council meeting on Friday 15 December 2017 commencing at 9.00am, followed by the Annual Councillor / Staff meeting at 1.30pm at the Darlington Point Club, and continue with the practice of not scheduling an Ordinary January Council Meeting.

Often Council schedules a workshop meeting late in January or early February, and there is also an information business paper distributed in January to keep Councillors up to date with Council matters.

RECOMMENDATION

That:

- a) Council schedule monthly Council meetings for the fourth Tuesday of the months October 2017 to November 2017, February 2018 to September 2018;
- b) Council meetings commence at 10.00am;
- c) The meetings venues alternate between Jerilderie and Darlington Point, with no Council meeting in Coleambally until a new meeting room/Chambers is constructed:
- d) The December Ordinary Meeting of Council be held on Friday 15 December 2017; and
- e) The Councillor / Staff annual meeting be held following the December Ordinary meeting at 1.30pm at the Darlington Point Club.

Identified in Council's forward works program for 2018-19 are the rehabilitation and upgrade of a section along Eulo Road, and the upgrade of a section of McDonald Road. The proposed works identified for the Fixing Country Road application for Eulo Road has a total road length of 5.25km from chainage point 0.00km-1.05km and 3.26km-7.46km from the Kidman Way (attachment # 2). The 8km section of upgrade for McDonald Road is from chainage point 10.34km-18.34km from Kidman Way (attachment # 3).

The proposed work for Eulo Road is to upgrade and widen the first 1.05km section then break the next section into two parts. The first 1.44km of this section will be upgraded and widened and the second 2.76km will be rehabilitated.

The cost of these projects is \$1,331,604.75 for Eulo Road and \$1,854,015.25 for McDonald Road. Council will be committing in the 2018-19 budget \$200,000 to Eulo Road and \$212,000 to McDonald Road. To obtain the shortfall funding required for these projects, the second round of Fixing Country Roads funding is now open for Councils to apply. Council will be able to comply with the requirements needed for these applications and apply for funding for both roads.

Council has identified three roads which will require rehabilitation works. These three roads are:

- 1. Bencubbin Avenue:
- 2. McDonald Road: and
- 3. Eulo Road.

Bencubbin Avenue was identified and reported to Council in the 2015-16 financial years as a project which required additional funding. This project has a budget of \$1,376,000 and had an allocation from Council of \$375,000 in 2016-17 and 2017-18. This project was planned to be carried out over two years. The Council approach at the time was to apply to Heavy Vehicle Safety and Productivity Programme (HVSPP) to fund the shortfall. This application was unsuccessful, so now it will be included as a project for Fixing Country Roads.

Council now has three projects to apply for funding under the Fixing Country Roads Program in 2018-19 which need to be prioritised. Council officers have discussed these projects and have identified what priorities should be given to each project.

| This is page 17 of 51 of the General Manager's Reports as submitted to the Ordinary Meeting of Murrumbidgee Council held Thursday 21 September 2017. |

| General ManagerMayor |

Priorities are:

- 1. Bencubbin Avenue;
- 2. McDonald Road; and
- 3. Eulo Road.

If Council is unsuccessful on these projects, they will then be moved to the next financial year in accordance with their priority.

RECOMMENDATION

That Council apply for funding under the Fixing Country Roads Program, with project priorities being:

- 1. Bencubbin Avenue;
- 2. McDonald Road; and
- 3. Eulo Road.

ITEM NO. 9 - RATES EXEMPTION REQUEST-MURRUMBIDGEE SHIRE

EXPERIMENTAL COMMUNITY DEMONSTRATION FARM INC.

FILE: 05.33

FROM: ASSISTANT GENERAL MANAGER, CORPORATE AND

COMMUNITY

BACKGROUND

 The Assessment Site 17558 refers to the area currently being managed and leased by the Murrumbidgee Shire Experimental Community Demonstration Farm Inc:

- 2. The commencement of lease between Murrumbidgee Shire and the Experimental Community Demonstration Farm is dated 1st July 1994 (attachment # 4). Rates have been levied to date. The land valuation as at the 01/07/2016 is \$364.000:
- 3. Council has three rate categories for farmland- namely:
 - a. Low intensity farmland dry area(s);
 - b. Medium intensity farmland falls outside of the Murrumbidgee Irrigation Area (MIA) and has water access;
 - c. High intensity farmland falls inside the MIA and has water access.
- 4. Assessment Site 17588 falls into the medium intensity farmland category because it is outside the Murrumbidgee Irrigation Area (MIA) and has water access:
- 5. The Farm Committee has confirmed that it was not successful in getting a second round grant to support its work, and are seeking a request to waive or reduce the rates on their block from Council (attachment # 5).

ISSUES

- 1. The Murrumbidgee Shire Experimental/Demonstration Farm Inc. Committee took over management of the crown land site from Murrumbidgee Shire Council and subsequently entered into, and have an Appointment of Corporation with the State Government to manage the reserve trust Reserve no 159016 terminating on 30/06/2114 (attachment # 6).
- The Farm is crown leased to a Management Committee for experimental, fundraising and conservation purposes with no commercial benefit. The Farm is a not-for-profit voluntary organisation that distributes approximately 85% of its profits back into the community;
- 3. The Farm uses the land 100% for providing a non-profit structure to engage in agricultural pursuits for experimental, demonstration, protected zones and fund-raising purposes. As such, it provides some degree of community benefit and support for surrounding industry and business sectors. Supplied documents confirm any profit generated is put back into the Farm operations. It also has 68 hectares of Remnant Vegetation Protection area (an agreement with Coleambally Irrigation) to carry out experimental activities and field days at no cost.

| This is page 19 of 51 of the General Manager's Reports as submitted to the Ordinary Meeting of Murrumbidgee Council held Thursday 21 September 2017. |
|--|
| General ManagerMayor |

- 4. Supplied documents confirm that the Farm does generate 'revenue' through an arrangement with local organisations, wherein the generated revenue or profit these organisations grow, crop and organise to sell in the Farm's name. The associated expenses go through the Farm's books. The Farm, in this process, takes a deduction from the net profit figure (including a 15% charge to run the farm – overheads, insurance maintenance etc) with the balance of the money going back to the organisation who grew the crop.
- 5. Should Council decide to provide a community donation, it would be sourced from Council's community funds budget allocation. As at 11 September 2017, Council had \$17,750 in the Grants budget. If considered appropriate, donations could be annually considered but would require the lodgement and provision of a business case for consideration each year.

RECOMMENDATION

That the report be received and Council:

- 1. Consider the request from the Murrumbidgee Shire Experimental Community Demonstration Farm Inc, for a reduction in regards to their general rates for Assessment Site 17558;
- 2. Not grant an ongoing rate reduction or exemption on the grounds that:
 - i. There is no mention of an allowance for a special variation for a rate reduction.
 - ii. Revenue is generated from the Farm.
 - iii. The above incorporation does not fit any of the categories for the exemption of rates. These categories are:
 - a. Land that is a public place;
 - b. Land used for a public reserve and vested in the Crown, a public body or trustees;
 - c. Land used for a common and vested in the Crown, a public body or trustees:
 - d. Land used for a public cemetery and vested in the Crown, a public body or trustees;
 - e. Land used solely for a free public library and vested in the Crown, a public body or trustees.
- 3. Consider providing a donation towards rates and charges to the Murrumbidgee Shire Experimental Community Demonstration Farm Inc. which would be funded from Council's Community Donation Budget.

ITEM NO. 11 - UPDATE REPORT - MURRUMBIDGEE COUNCIL

STRONGER COMMUNITIES FUND SEPTEMBER 2017

FILE: 03.13.08A

FROM: DIRECTOR MERGER TRANSITION

A report was tabled at the August meeting of Council which supplied information on the expenditure of the \$5m "New Council Implementation Fund" provided to Council to meet the costs associated with merging the two Councils. That report referred to the preparation of a further report to the September meeting of Council, which would provide a revised budget, including expenditure to the end of July 2017, and forecast expenditure for the following 12 months.

The Stronger Community Fund comprises three funding streams. The first stream is \$5m available to the Council to fund the work required to merge the two former Councils, as referenced above and referred to as the New Council Implementation Fund (NCIF). It is important to note that monies that are unspent within this component of the SCF will be transferred to either the Community Grants Fund (CGF) or the Major Project Fund (MPF).

The second stream is the CGP which now comprises \$1.5m in funding for not-for-profit community organisations for grants of up to \$50,000. This stream was run via two rounds of funding. Grants totalling \$1.514m have now been awarded to 56 projects.

The third stream is the Major Projects Fund (MPF). The MPF process has commenced, with Council adopting a Priority Projects Register at its July Council meeting. It should be noted that in November 2016 Council also endorsed the recommendation of the Assessment Panel to fund 11 projects from the MPF in the amount of \$521,364.

Approximately \$8.24m remains available for projects in the MPF, and this amount includes approximately \$240,000 in interest that has been earned on the original grant of \$10m since June 2016.

New Council Implementation Fund

Council received a grant of \$5m for the purposes of funding the work to be undertaken to merge the two Councils.

A budget for expenditure of those funds was created and has been provided to the Office of Local Government (OLG) (a requirement of the funding agreement entered into between Council and the OLG).

Below is information detailing expenditure against the budget.

| TOTAL | \$5,000,000 | 5,000,000 | \$2,397,412 |

The expenditure above has been aggregated to the nearest \$1k for reporting purposes.

PMO Staffing

The budget for the salaries has been adjusted to remove the allowance for the Administrator. The cost of the Administrator's allowance is to be met from the Council's operational budget (as advised by the Office of Premier and Cabinet). This budget has approximately \$120,000 available to allow the employment of staff beyond December 2017 as it is expected that there will be work required to be undertaken to finalise projects and tasks as included in the Implementation Plan. In addition, these funds will be able to fund staff to progress projects in

Round 1 and Round 2 of the CGF as well as the MPF. This budget also now includes the payment of a redundancy to the former Director Technical Services. The revised budget allows for the employment of the Media and Communications officer through to the end of December 2017. Further savings may be achieved in this area.

Asset Management

This budget has been reduced to reflect the expected reduced cost of this project.

Communications/Webpage

This budget has been revised downwards to reflect expected reduced costs in this area.

Information Technology

Significant savings will be realised in this budget due primarily to the original budget having large estimates included given the unknown cost of some of the elements of the overall ICT budget. These savings will find their way into the CGF and MPF's as identified in the new line item at the bottom of the above table

Policy Development

This budget has been revised downwards to reflect actual expenditure. The project has been completed.

Human Resources (staff training and accommodation)

This budget has been adjusted upwards slightly to accommodate any further training and accommodation associated with the merger.

Marketing & Branding

This budget remains unchanged.

Service Reviews

As can be seen, expenditure to date exceeded the original budget, and the revised budget reflects additional costs expected to be incurred when Council undertakes a "deep dive' into twelve "higher order" service areas. Consideration could be given to undertaking this project in house (with Council staff) and thus the budget could be adjusted downwards.

Signage/Uniforms/Rebranding

This budget has been reduced now that most of the signage and uniforms associated with the branding of the new Council have been incurred.

SCF Grant Administration

This budget has been revised upwards to provide an opportunity to have existing part time staff continue to provide administrative support to Managers in finalising grants in the CGF and MPF.

|---|-------|
| General Manager | Mayor |

Miscellaneous

This budget has been reduced, reflecting the fact that most known projects associated with the merger have now received specific funding (as part of this report to Council) and that no further "incidental expenditure" is expected in the future.

Human Resource Specialist

This is a new budget line item proposing an extension of six months on the current role to provide assistance to MANEX in managing some of the residual issues associated with the introduction of the Salary System and the need to create a new (singular) Workforce Plan.

GIS Conversion Project

This is a new budget line item. The completed project, when completed, will allow the Council to have one consistent Geographic Information System across the new Wide Area Network (WAN). This is an estimate only and it is proposed to use a consultant that provided GIS services to the former Jerilderie Shire Council.

Master Key System

This is a new budget line item in the budget. This project will provide long term benefits to the new Council around security, access and risk management by allowing one system of master keys (and locks) to be installed and used across the Council area.

Radio Network Conversion

This is a new budget line item providing an initial estimate to allow the installation of a single new radio network (with appropriate radios and handpieces) across the Council area.

Local Representation Committee Allowances

This is a new budget line item. Each LRC member currently receives \$964.17 per month, with the Chair receiving an additional allowance of \$25,520 annually. LRC allowances represent a legitimate expense created by the merger and thus should be funded by the NCIF.

Provision for adjustment to new Salary System during 18/19

This is a new budget line item. As reported in a separate report in this business paper, Council is introducing a new Salary Structure as part of the Salary System. The report indicates that Council consider amending the Salary Structure during 2018/19 to allow the potential payment of up to a further 2% based on performance.

Temporary Accountant Contract

This is a new budget line item. It is proposed to employ a temporary accountant through to June 2018 to assist in the creation of the new general ledger and associated projects related to the merger (including assets and other accounting

| This is page 25 of 51 of the General Manager's Reports as submitted to the Ordinary Meeting of Murrumbidgee Council held Thursday 21 September 2017. |
|--|
| General ManagerMayor |

duties). Council has previously engaged a temporary accountant to assist with end of year accounting processes.

Economic Development Officer (EDO)

This new budget line item will fund the employment of the EDO for a twelve month period commencing December 2017.

This report provides an update on expenditure to date and proposed expenditure. Given the changing nature of the challenges facing the new Council it is appropriate that quarterly reports on the budget and related expenditure be provided to Council. The next report would be prepared for the February 2018 meeting of Council and include expenditure up to December 2017.

RECOMMENDATION

That:

- (a) The report be received and the revised budget as presented in the body of this report, be adopted; and
- (b) Quarterly reports on the New Council Implementation Fund (NCIF) be presented to Council for review and amendment as appropriate, commencing in February 2018 for the quarter ending December 2017.

ITEM NO. 13 - LOCAL GOVERNMENT AMENDMENT (GOVERNANCE AND

PLANNING) ACT 2016

FILE: 03.14

FROM: ASSISTANT GENERAL MANAGER, CORPORATE AND

COMMUNITY

BACKGROUND

1. The New South Wales Parliament passed amendments to the Local Government Act 1993 (the LGA), in the Local Government Amendment (Governance and Planning) Act 2016. These reforms are known as the Phase 1 amendments.

- 2. The Act was split into 60 discreet topic areas addressed over 2 phases. Phase 1 topics were identified as priority areas to be legislated for commencement at the start of the next term of Councils in September 2016, relating to the "system of Local Government" (i.e. the structural, governance, strategic and performance frameworks Councils operate under), and based on the outcomes from the Independent Local Government Review Panel and the Local Government Acts Taskforce.
- 3. The ongoing rollout of the Phase 1 amendments commenced by proclamation, began on 30 August 2016, 23 September 2016 and 1 October 2016.
- 4. A full, detailed summary of the Phase 1 reforms or amendments and their implementation dates is summarised in attachment # 16 Council Circular No 16-30 dated 2 September 2016 and <u>Understanding Changes to the Local Government Act</u> presentation by LGNSW attachment # 17.
- 5. The Phase 1 reforms appointing the Auditor-General as the auditor of all Councils came into force on 1 October 2016. The Local Government (General) Regulation, now prescribes that the Minister consider (and has the power to appoint), a financial controller where it will contribute to improved financial Council operations or mitigate a financial risk facing Council. Transition arrangements relating to this appointment, including new Councils, for the 2015-16 and 2016-17 financial periods are set out in Schedule 8 of the LGA and in the Local Government (General) Regulation.
- 6. The Local Government (General) Regulation, also prescribes that the Minister consider (in his opinion), whether to appoint a temporary adviser to assist Councils in complying with, or implementing action under, a performance improvement order as a separate criterion.
- 7. Phase 2 topics are areas that are/will be subject to separate review and informed by the outcomes of the current and proposed IPART and other reviews. To date, identified Phase 2 amendments include ward assignments, Council service hire fees, tendering limits, Council property sales, mandatory guidelines use, employment provision, local water utilities and a count-back system.

ITEM NO. 15 - PRIORITY PROJECTS REGISTER-SEPTEMBER 2017-

UPDATE 03.13.08A

FROM: GENERAL MANAGER

Actions during the month

1. Submitted

FILE:

1.0 Stronger Country Communities Fund

To lodge 'strong' and compliant applications that meet the eligibility and minimum funding requirements (\$100k per project), and to align with the funding purpose, a number of smaller recreational and sporting amenity projects from the Priority Projects Register which share a common purpose/theme were bundled together.

The Jerilderie Swimming Pool was lodged as a single project. Estimations for the project were substantially above the \$1m mark, which exceeded the nominated funding allocation, and would leverage co-contributions from Council. The project has been broken into stages with a submission for a 25 metre pool lodged. If successful in Round 1, it would soak up the entire Albury Electorate allocation. A second 'Albury' project for the Jerilderie Racecourse Showgrounds was lodged at the suggestion of the Department of Premier & Cabinet. This provides 'choice' in the assessment process. If successful, the unallocated budget for Round 1 will be referred to Round 2. This could allow a higher budget project to be submitted in Round 2.

Applications that have been lodged are:

SCCF Project Applications 1B - SCCF1B-0073 - Jerilderie Race Club/Showgrounds Amenity Improvement SCCF Project Applications 1B - SCCF1B-0095 - Jerilderie Swimming Pool SCCF Project Applications 1B - SCCF1B-0149 - Pride of Place- Coleambally SCCF Project Applications 1B - SCCF1B-0157 - Promoting and Improving Recreation Sporting Infrastructure, Darlington Point

The projects submitted under Stronger Country Communities Fund (SCCF) include the following infrastructure:

- Construct Toilet Facilities at Coleambally Cemetery
- Junior Change Rooms, Coleambally Sportsground
- Female Change Rooms, Darlington Point Sportsground
- Provide Community Notice Boards and Town Information Bays (Darlington Point)
- Refurbish and add interpretive signage to Goanna Track Darlington Point
- Jerilderie Swimming Pool Upgrade (25mtr pool)

1.1 Boating Now

Two projects have been submitted under the competitive Boating Now funding program - Darlington Point Boating Ramp/Town Beach Redevelopment Darlington Point.

1.2 Waddi Aboriginal Cultural Centre

Assistance in constructing and writing a project application under the Regional Cultural Fund was given to Waddi Housing and Advancement Corporation. The project has been lodged by Waddi Housing and requires no financial assistance from Council.

Copies of these grant applications are available for viewing on request.

2. Under Development

2.0 Support to External SCCF Applicant

A heritage property re-development proposal based on commercial use has been referred to Council for submission as an SCCF application. I met with the proponent and a Department of Premier & Cabinet (DPC) regional officer on Friday 8 September on site. Following the discussions, I referred the project to DPC for further advice based on my understanding of the published guidelines:

- State Government agencies and non-government organisations can submit eligible community infrastructure projects, in partnership with local Councils;;
- Eligible applicants are regional Local Governments;
- The LGA is the Applicant and is responsible for submitting the application;
- The Stronger Country Communities Fund is not to be used for:
 - * projects with exclusive private benefits

The fundamental issue to be clarified is that of eligibility in terms of the project scope (does it meet the test for 'community infrastructure/benefit). The project is on private land and the proposed infrastructure has a primary aim of generating financial return to the proponent and their members (albeit the project does have a benefit of stimulating the local economy and preserving heritage infrastructure). The requirements for broad community consultation were also discussed as a potential element requiring further work.

I raised concerns with DPC about 'partnerships' or joint venture arrangements. Council is required under the SCCF funding arrangements to be the applicant, and some instrument such as a Memorandum of Understanding would presumably be necessary with the industry partner. Both parties would need to agree to roles and responsibilities to mitigate any risk to Council if Council is not the primary project manager ie financial/governance/OHS risk. Council is also required to assign a priority to all projects.

| This is page 44 of 51 of the General Ma Ordinary Meeting of Murrumbidgee Council | • |
|---|---------------|
| General Manager | Administrator |

As the proponent had not had discussion on these issues, and had not supplied detailed plans or budget, the lodgement for Round 1 SCCF was made difficult.

If the project scope and proponent are deemed to meet SCCF project eligibility requirements I will work with the proponent to cover off on the community consultation and to seek Council resolution on submitting a SCCF application. I have asked DPC for feedback as to what would be required/recommended in terms of the project management responsibilities for the grant. Clarity on these issues would be helpful to inform Council planning and decision making, and to ensure industry and community do not have expectations that cannot be met in terms of the SCCF grant and the role of Council. I have also referred the proponent to other sources of funding.
