COUNCIL

ACKNOWLEDGEMENT OF COUNTRY

We would like to show respect and acknowledge the traditional custodians of the land, Elders past and present, and extend that respect to other Aboriginal and Torres Strait Islander people.

Pictured is local boy Bobby admiring the incredible mural which graces the walls of the Council Chambers at Jerilderie.

The mural is titled 'Yo-thun-ing-yuna-ngarratya', meaning 'Coming Together'. Created for the 2000 Olympic Games, it was hung in Parliament House to provide a visual welcome to visitors and wish them peace and safe travel.

The painting depicts various Aboriginal design elements, including the Eaglehawk, which is the Barundji/Barkindji totem. It also depicts a white feather to symbolise safe travel.

The mural was created by four Barundji/Barkindji artists: Elsie Black, Gertrude Gittins, Eileen Ballangarry and Sos Hawkins. These women can trace their family back at least 700 years as direct matriarchal descendants of the tribe. We sincerely thank these talented artists for this masterpiece and for allowing us to share it for all to see and appreciate.

THANK YOU TO ALL CONTRIBUTORS

Thank you to the many community members and business people who so enthusiastically provided input into the plan and participated in the community engagement.

Thank you also to Councillors for their ongoing commitment to the plan and to staff for their contribution to the plan and associated documents.

THIS COMMUNITY STRATEGIC PLAN HAS BEEN PREPARED IN KEEPING WITH THE REQUIREMENTS OF THE LOCAL GOVERNMENT ACT 1993.

First adopted: August 2017. Revised version adopted: May 2022.

*A robust and innovative agricultural industry and farming community is the
cornerstone of our vibrant area.*

1 | MESSAGE FROM THE MAYOR

I am delighted to present the Community Strategic Plan (CSP) which articulates the community's aspirations and visions for the next 10 years.

The plan builds on the themes of the previous CSP, which was adopted in 2017, and was used as the guiding strategic document during the first term of Murrumbidgee Council.

Community input has been a driving factor for the changes made to the plan. We thank all members of the community who so enthusiastically contributed their ideas and feedback. The responses received clearly indicate the passion and pride felt for our wonderful area.

Our research confirms this with respondents overwhelmingly stating the 'people, community and lifestyle' are the best parts of living and working in our area. These factors have shaped the unique identity of our area and must be retained as we strive for innovation, to attract investment and to achieve sustainable growth.

The last few years has seen a phenomenal amount of new and upgraded facilities in our area. Made possible with significant

government investment, we will continue to pursue funding into the future to realise the aspirations outlined in this plan.

Not all community aspirations fall under the domain of Council, but if we know that something is a strong priority of the community, we can advocate for this service or action. Likewise, realising community aspirations is always a priority, but sometimes we need to be creative with how we achieve this in order to overcome obstacles we face as a small, rural area.

Improving the level of services in the community, particularly health and essential services, was a common aspiration of community members.

We will continue to strongly advocate for this. Fostering partnerships with the State and Federal Governments and their agencies, as well as other Councils and regional organisations, is integral to achieving these objectives.

We know there will be challenges along the way, as nothing comes easy, but please join us on this journey towards the next ten years and beyond.

Ruth McRae

COMMUNITY STRATEGIC PLAN

INTRODUCTION

Welcome to the 2022-2032 Murrumbidgee Council Community Strategic Plan (CSP).

Planning is vital to ensure our area has a rich and sustainable future. The Community Strategic Plan is an integral part in this because it is the overarching strategic document that sets out the objectives and actions for our Council area.

This plan follows on from the inaugural CSP, which was adopted in 2017 by the then newly formed Murrumbidgee Council.

It builds on the elements that our community loves and wants to retain, as well as new aspirations to work towards for a sustainable, positive future for the Murrumbidgee Council area.

We achieved this by working together with involvement, at various times, by all levels of government, businesses, industry groups, community organisations and individuals. Partnerships are integral to achieving these shared values and visions.

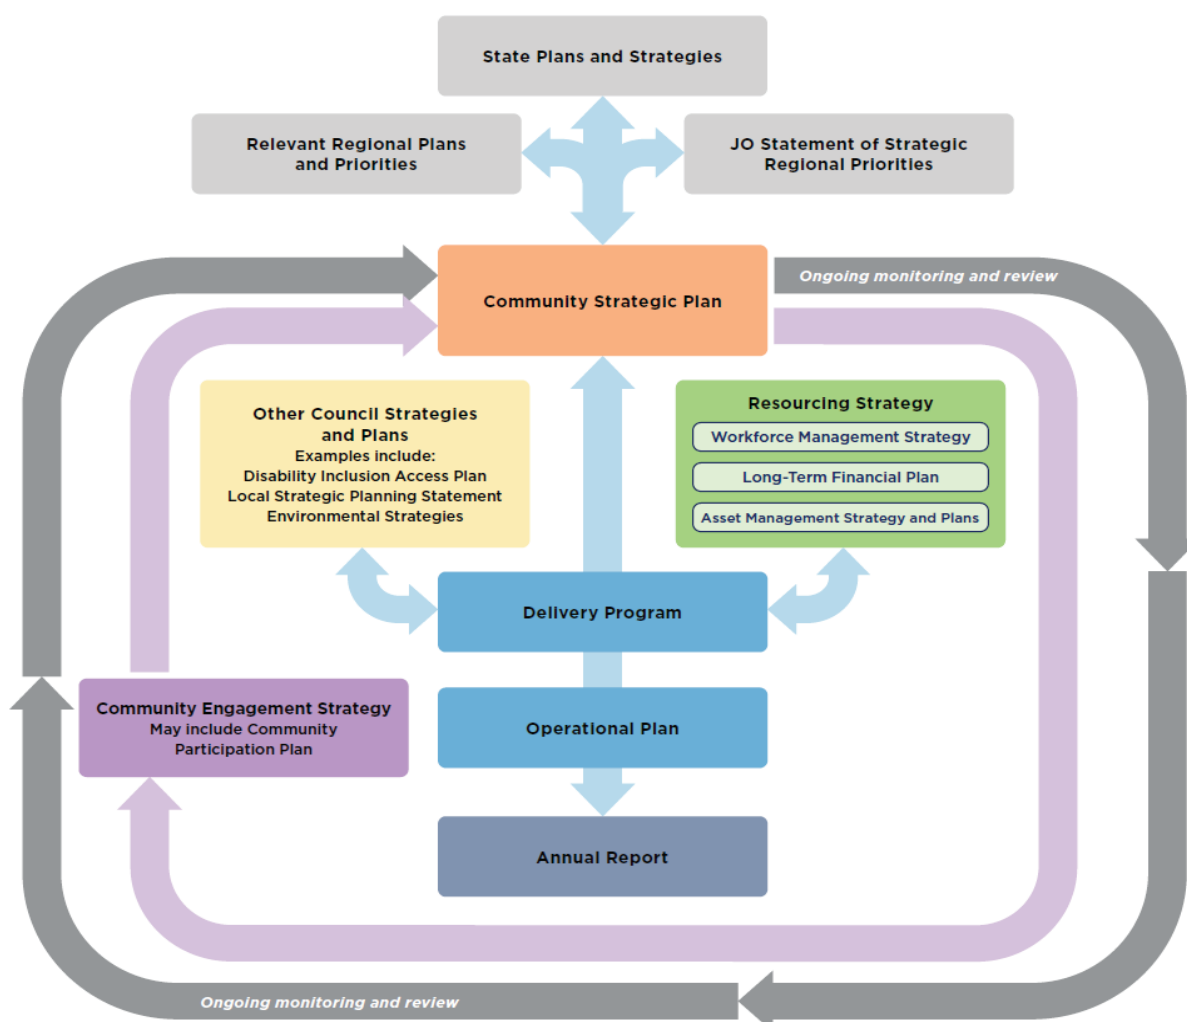

HOW THIS PLAN ALIGNS WITH STATE AND REGIONAL PRIORITIES

- NSW Government Premier Priorities
- NSW Government – Waste and Sustainable Materials Strategy 2021-2027
- RAMJO Statement of Regional Priorities (2018-2022)
- RAMJO Regional Infrastructure Priorities (Murrumbidgee) 2021
- NSW Government – Riverina Murray Regional Plan 2036
- Regional Economic Development Strategy – Western Riverina
- Riverina Murray Destination Management Plan

WHY THIS PLAN IS IMPORTANT

This plan is the overarching plan that directly influences all other plans and operational actions. It has been prepared after extensive engagement with the community to identify aspirations and expectations into the future. The diagram below shows the other plans and strategies that sit beneath the Community Strategic Plan.

These plans and strategies are explained further on the next page.

Community Strategic Plan – sets out the long-term aspirations of the community for the next 10 years. It is the key reference to guide Council’s decision-making during this period.

Delivery Program – this 4 year document outlines how the community’s priorities and wishes will be achieved during the term of Council.

Operational Plan – this is an annual plan that details Council’s activities and budget for each year of the Delivery Program.

Resourcing Strategy - made up of:

- **Long Term Financial Plan (10 year plan)** - how Council will resource the

current and future needs (ensuring we are financially sustainable).

- **Workforce Management Plan** (minimum 4 years) - Council’s human resourcing requirements.
- **Asset Management Plan** (minimum of 10 years) - accounts and plans for all existing assets (including their condition) and future community assets as proposed in the Delivery Program.

Community Engagement Strategy - sets out our approach to engaging with the community and making sure everyone has the opportunity to be involved in projects, initiatives and future directions in our Council area.

4 | HOW WE LET YOU KNOW THE PLAN’S PROGRESS

We let you know the progress in achieving the objectives of the Community Strategic Plan in the following ways:

Half yearly Operational Plan review – each action within the Delivery Program has a measure to keep track of progress. Every 6 months we report on this.

Annual Report - prepared at the end of the financial year, this outlines results and achievements for the year against the Operational Plan and Delivery Program

End of Term Report – prepared at the end of each Council term to summarise projects and achievements throughout the term, particularly in regards to the Community Strategic Plan.

Community Strategic Plan Review - every four years, the plan is reported on by the outgoing Council, and reviewed by the incoming Council. At this time, the plan is rolled forward four years to maintain a minimum long-term 10-year strategic focus.

A scenic view of Billabong Creek. Large, mature trees with dense green foliage line the left bank, their branches extending over the water. The water is calm, reflecting the trees and the clear blue sky. In the background, a silver car is parked on a dirt path near a small building. The overall atmosphere is peaceful and natural.

The gorgeous Billabong Creek is a recreational hub for locals and visitors alike. Reputedly the world's longest creek, it also provides water for the Jerilderie township.

THE GUIDING FORCE IN THIS PLAN: THE COMMUNITY

In simple terms, the Community Strategic Plan is a plan for the community, by the community. Hence, engaging with the community is a vital part in its development. To ensure we engaged as effectively as possible, we prepared a Communications Plan which outlined how we would go about this. The phases in the Communications Plan were:

ENGAGE (1) AND RESEARCH

Reach out to the community and stakeholders to gather information about values, challenges, expectations and aspirations for the future (at the beginning of the Council term)

ANALYSE AND DRAFT

Compile and analyse all responses to inform the draft Community Strategic Plan

ENGAGE (2) AND REVISE

Reach out to the community and stakeholders for comment on the draft document and then incorporate changes into plan to produce the final version

ENGAGE (3)

Share the final report with the community and other stakeholders

IMPLEMENT AND ENGAGE (4)

Keeping the community informed about the plan's progress

REVIEW AND ENGAGE (5)

Reach out to the community to gather feedback at the end of the Council term

Key findings from the engagement process

A key element in phase 1 of the Communications Plan was a community survey. The survey achieved a 14.6% response rate, which in statistical terms is a high representation. We also conducted a youth survey, which achieved a 5% response rate.

Other communication tools, such as digital engagement, ideas boards in offices and at community events, newsletters, media releases, direct electronic mail, posters and advertising were used.

COMMUNITY VALUES

66.2% of respondents believe the 'people, community and lifestyle' are the best parts of living and working in our area.

COMMUNITY PRIORITY

43.31% of respondents believe the most important Council service is road maintenance and construction.

SATISFACTION LEVELS

Respondents are most satisfied with public amenities and least satisfied with aged, disabled and health services.

KEY DIRECTIONS

There was strong support for these initiatives: community safety, managing waste and recycling, assisting new and existing business and industry, and maintaining and improving roads.

OUR VISION AND COMMUNITY VALUES

OUR VISION

Smart growth. Empowered communities. Creating opportunities.
